Screening for Gifted Services

Each year, the total population is screened by school staff to create a pool of candidates based on student need for gifted services in specific talent areas

Students may be referred for services by their classroom teacher, school personnel, parents/guardians, community leaders, other students, or self-refer. Referrals are accepted until April 1st of the current school year.

Once a student is referred for services, the AAC supports teachers in creating a portfolio with four main components for a holistic case study approach

Screening: A Holistic Case Study Approach

Four Key Components to develop a full student profile

- 1 Nationally-Normed Assessments
- 2 School-Based Achievements
- 3 Student Behaviors/ Characteristics
- 4 Demonstrated Performance

1. Nationally-Normed Assessments

Universal Screeners are nationally-normed assessments that look at a student's ability to reason. These assessments give us a "snapshot" and one data point to consider when developing a student's ability profile

- Grade 1 students take the Naglieri Nonverbal Ability Test
- Grade 2 students take the Cognitive Abilities Test (CogAT)
- New students in grades 3-8 who do not have an abilities assessment will take the CogAT
- Other tests may be included, such as the WISC (parent provided), or Kaufman-Brief Intelligence Test (K-bit) for K referrals

2. School-Based Achievement

School achievement data can provide evidence of specific talent areas, potential, interests, and motivation.

Such examples of achievement data may include the following.

- County level - SOLs and other available achievement data, such as math and reading growth data.
- School Level - ongoing formative and summative assessments
- Individual Level - honor or distinctions and self-selected work samples.

3. Student Behaviors & Characteristics

Observation data on a student's behaviors and characteristics provide insights on moments that are not always documented, i.e. class discussion input, problem solving abilities, creative and imaginative ideas, etc.

- Local screening committee completes a Gifted Behavior Commentary (GBC) form
 - Documents advanced characteristics and behaviors observed in a variety of settings across four categories
- Parent Information Sheet
 - Provides an opportunity for parents to share examples that the school team may not have had an opportunity to observe during the school day

4. Demonstrated Performance

Work samples provide evidence of distinguished student performance and motivation when working with advanced content. They can also show student growth. Work samples are collected throughout the year by the teacher.

- Possible work samples may include -
 - Advanced mathematics work as in Project M² & M³
 - Interpretive responses and advanced literary analysis examples, possibly from William and Mary Language Arts units.
 - Analysis of primary source documents of DBQ essays
 - Responses to Project Clarion Science activities
 - Responses to critical and creative thinking lessons

Screening: A Holistic Case Study Approach for Fine Arts

Referrals for visual arts and general music begin in Grade 3

Portfolio components include:

- 1 Art and/or music teacher observations of artistic behavior
- 2 Student products provided by art / music teachers
- 3 Student grades
- 4 Parent Information Form

What might differentiation look like in art?

- Visual Arts -
 - Differentiation takes place in the art classroom
 - Open-ended projects that allow for students to demonstrate their creative abilities

What might
differentiation look
like in music?

- General Music -
 - Differentiation takes place in the music classroom
 - Open-ended projects that allow for students to demonstrate their creative abilities

Identification Decisions

Gifted Services Screening & Identification Process

- At the end of the referral process (90 instructional days), a school-based screening committee meets to review each student's portfolio and determines eligibility for gifted services
- Identification decisions are sent to parents

If Students are Found Eligible...

Identified advanced learners in grades 1-5 are cluster grouped into classrooms with intellectual peers (at least 10 students). This is done for the upcoming school year.

AAC plans with and supports the cluster teachers in daily differentiation for students who have already mastered grade-level content

AAC support may look different in various grade levels depending on teacher and student need

If Students are NOT Found Eligible...

An appeal process is available to families following the eligibility decision communication

Level One Appeal: begin at the school level with notice of appeal sent to principal and AAC. Principal will then review the committee decision and portfolio and make a determination to uphold or overturn.

Level Two Appeal: following a level one decision, you can appeal to the Supervisor of Advanced Academics and Talent Development to review the decision.
